

EXPONENTIAL ALTRUISM MISSION STATEMENT
(specifying exactly the kind of partner SpiralCosmosArt Wants)

Exponentialaltruism is a 3 fold concept with the following realities:

1. **SpiralCosmosArt = <http://www.spiralcosmosart.deviantart.com>**

The artist who names himself “spiralcosmosart” and the title of his art: “spiralcosmosart” seeking to earn a living, and enough wealth to be a full time artist making abstract psychedelic visual art: (mostly small pen and ink, digital, and some acrylic paintings) to attract and impress compatible intimate true friends, **especially a monogamous, heterosexual, athletic woman born that way to reciprocate SpiralCosmosArt being a monogamous, heterosexual and athletic man born that way.**

2. **ExponentialAltruism by SpiralCosmosArt = <http://www.exponentialaltruism.wordpress.com>** = The artist spiralcosmosart's reporting as the messenger of his understanding of the truth as he understands truth, as an educator, listing and compiling impressive essential information for humanity's survival. Loaded with opinions based on his individual experience.

3. **EXPONENTIAL ALTRUISM = Exponential Altruism the concept.** A request that everyone feel free to have urgent responsibility to investigate truth: collect. compile and report on truth and make their manufacturing/production/trade/profession/art/ornaments/decorations/aesthetics /entertainment represent truth, proclaim truth, and thereby making their art meritorious and a superior alternative to fiat currency for humanity's happiness. This is the most important of the other 2 facets or concepts, entirely irrelevant to the other 2 facets/concepts which are entirely the style, preference, and attempts of another human being to communicate.
