"It is certain that in this wonderful new age the development of medical science will lead to the doctors' healing their patients with foods. For the sense of sight, the sense of hearing, of taste, of smell, of touch—all these are discriminative faculties, their purpose being to separate the beneficial from whatever causeth harm. Now, is it possible that man's sense of smell, the sense that differentiates odours, should find some odour repugnant, and that odour be beneficial to the human body? Absurd! Impossible! In the same way, could the human body, through the faculty of sight—the differentiator among things visible—benefit from gazing upon a revolting mass of excrement? Never!" <https://reference.bahai.org/en/t/ab/SAB/sab-135.html>

EX-PFIZER CHIEF MIKE YEADON - LATEST CHILLING WARNING ON THE "COVID" VACCINES (IMPROVED AUDIO)

<https://www.brighteon.com/a92e53c2-8c35-498a-ba74-c6ab652dcffa>

<https://theliberal.ie/former-vp-of-pfizer-warns-of-government-lies-about-covid-and-the-dangers-of-the-vaccine-ostensibly-designed-to-combat-it/>

1. There is "no possibility" current variants of COVID-19 will escape immunity. It is "just a lie."
2. Yet, governments around the world are repeating this lie, indicating that we are witnessing not just "convergent opportunism," but a "conspiracy." Meanwhile media outlets and Big Tech platforms are committed to the same propaganda and the censorship of the truth.
3. Pharmaceutical companies have already begun to develop unneeded "top-up" ("booster") vaccines for the "variants." The companies are planning to manufacture billions of vials, in addition to the current experimental COVID-19 "vaccine" campaign.
4. Regulatory agencies like the U.S. Food and Drug Administration and the European Medicines Agency, have announced that since these "top-up" vaccines will be so similar to the prior injections

which were approved for emergency use authorization, drug companies will not be required to “perform any clinical safety studies.”

5. Thus, this virtually means that design and implementation of repeated and coerced mRNA vaccines “go from the computer screen of a pharmaceutical company into the arms of hundreds of millions of people, [injecting] some superfluous genetic sequence for which there is absolutely no need or justification.”

6. Why are they doing this? Since no benign reason is apparent, the use of vaccine passports along with a “banking reset” could issue in a totalitarianism unlike the world has ever seen. Recalling the evil of Stalin, Mao, and Hitler, “mass depopulation” remains a logical outcome.

7. The fact that this at least could be true means everyone must “fight like crazy to make sure that system never forms.”

mRNA packaged in a fat envelop that is delivered to a cell it is a medical device designed to become a pathogen spreader - activate the cell to become a pathogen manufacturing site , the only reason why term is being used is to abuse the 1905 case, it is a chemical pathogen device, meant to unleash a chemical pathogen production action within a cell
